Sample Pick Up Locations

Agri Analysis maintains sample pick-up routes in certain areas and welcomes customers within those areas to utilize our pick-up service for a nominal fee. All routes are run Monday thru Friday except on noted holidays. Browse through this page to determine if you lie within one of our pick-up zones.

It's simple to use the Agri Analysis pick-up service:

1. Place samples in the pick-up box of your choice.
2. Call our 24 hour message service (717) 656-1142.
3. Leave message for a pick-up; please note the location and time that samples were placed in the box.

Note: It is extremely important to notify us each time that you place samples in a pick-up box so that our couriers know to go to that specific location.
